

2015 ALPINE RUNNERS FALL 5K RUNNING PROGRAM

This 8-week training program will get you from a non-aerobic fitness level of running to finishing the Alpine Races 5K on September 13 or other fall 5K races in the area. You can use this training program to help you build up your mileage steadily. By steadily increasing your mileage you are less likely to get injured before your race. You will be both physically and mentally stronger just knowing that you have done all the physical and mental training needed to get you through the distance of the 3.1 mile race. What better way to go through the experience than with the camaraderie of other fellow runners of your level? The experienced group leaders who are RRCA Certified Running Coaches will guide you through your weekly group training runs as they share their experiences with you. There will be group leaders of many different speeds from a 9:00 pace per mile to the 13:00 pace per mile or slower if needed. Don't worry if you think you might be too slow to run with a group because you won't be. No runner will ever be left to run on his own. The group leaders are there to answer your questions and help you get through each weekly run.

To give you the opportunity to receive all the educational clinics we are offering a two hour session full of everything you need to know before starting a running program on Wednesday, July 14 from 6:00 p.m. to 8:00 p.m. at Road Runner Sports, 20291 N. Rand Rd., Ste. 105, Kildeer, IL 60047. You will also have the opportunity to register and pick up your packet during this session. The session will include clinics on Training Methods and Goals, Injury Prevention by NovaCare, Nutrition, Shoe Selection and Apparel, Race Day Strategy & Recovery! Our speakers are experienced runners and experts in their field.

Requirements:

This is a beginning running program, there is no requirement of a fitness level of running needed. You should consult with your medical professional before attempting any physical challenge. Be prepared to run the week after the clinic so wear comfortable clothing and a good pair of running shoes!

You will receive:

- Educational lectures given by runners who are professionals in their field on Training Methods and Goals, Injury Prevention by NovaCare, Nutrition, Shoe selection and Apparel and Race Day Strategy & Recovery
- Alpine Runners Discount at Road Runner Sports our Specialty Running Shoe Store
- 8 Tuesday evening group runs lead by friendly experienced group leaders who are RRCA Certified Running COaches at various paces
- A 2015 membership to the Alpine Runners – One of the best running clubs you want to be a part of
- 8-week training schedule
- Alpine Runners Technical Running Shirt
- Handouts
- Race entry is not included register now at: www.alpinerunners.com

Registration and Packet Pickup

Register online at www.alpinerunners.com

You may register and pickup your packet at the educational training sessions on Tuesday, July 14 starting 30 minutes before the session and during the entire session. If you do not or cannot pick up your packet, you can pick it up at the first training run.
